

INNOVATIONS IN ACADEMICS

Education is the foundation of our school. Whatever we learn in school determines what we become as individual and our success throughout our lives. It helps us to solve problems, how we work with others, how we look at the world around us. In today's world innovation in education becomes even more important for developing the next generation of innovators or creative thinkers.

We emphasize on the use of technology during teaching process. We observe benefits of using technology in classroom are:-

1. It makes learning interesting and engaging young generation raised with the latest technology.
2. It helps to build technology based skill, allowing students to learn faster and effectively.

Innovations being done in academics by our school are as follows:-

- Video library
- Real world learning(outside visit)
- Remedial classes
- Advanced Maths and Composite lab
- Creative teaching with T.L.M.
- Peer & group activities for teamwork
- Skits on special days and topics
- Brain storming activities
- STEM lab activities
- Well-equipped library
- Flash card and dot cards for pre primary.
- Moral Education with stories and role plays

EFFORTS MADE IN THE FIELD OF ENVIRONMENT

Eco Club provides a plethora of activities to sensitize the children, the future generations to safeguard the environment and enable them to move towards a clean up tomorrow.

The motive of this club is to spread awareness about the environment amongst the students so as to create clean and clear green surroundings for all to live in. Eco club ensures active participation of students in all environment related issues at all levels.

Some of the initiatives taken by our Eco club are listed below_

- * Nature house- natural nest for birds
- * Preparing eco-friendly paper bags.
- * Planting - one student one plant

- * Theme related Annual Function– Prakriti, in which students gave message to save environment and rivers
- * Green dustbin and Blue dustbin making activity
- * Food for plants – teaching students Composting
- * Celebrating PTM as Green Day for Pre primary section so that kids learn to value environment.
- * Celebrating Farmers Day, organizing Vegetable & Fruit market to inculcate the value for respecting farmers and environment.
